

JAMF ULTRA RIB PANEL

Jackson Architectural Metal Fabricators offers a full line of commercial/industrial wall panels, available in a wide range of colors all in a Kynar 500® paint finish that meet specific aesthetic and corrosion resistance requirements. Architects and builders can choose from a variety of economical and durable wall panel systems, suitable for use in pre-engineered metal building applications, agricultural structures, commercial buildings and industrial buildings.

JAMF Ultra Rib Panel

The **JAMF Ultra Rib Panel** is a multi-purpose metal wall panel designed for horizontal and vertical applications. Our Panels come in 16" and 12" coverage and are 7/8" deep, with a fastening leg, and lock, that is concealed. The standard product offering for these metal wall panels are 24 and 22 gauge Galvalume steel. We also offer .032 and .040 Aluminum all with Kynar 500® paint finish. Custom colors are available with a 6,500SF minimum.

Why Use JAMF Ultra Rib Horizontal Wall Panel?

- Hidden Fasteners
- Multi-Purpose Panel
- Extruded Rib Appearance
- Available in .032" and .040" Aluminum
